---

## Career Objective:

Motivated and passionate fresher seeking a Frontend / React Developer role where I can apply my skills in building responsive web applications using React and Firebase, and contribute to real-world projects while continuously learning and improving.

## Education:

Master of Computer Applications [MCA]

Sardar Patel University- V.V.Nagar, Anand -Ongoing

Bachelor of Computer Applications [BCA]

Saurashtra University-Rajkot CGPA: 6.89

---

## Technologies:

- Frontend: React.js, HTML5, CSS3, Bootstrap
- Backend / Database: Firebase (Authentication, Firestore)
- Languages: JavaScript
- Tools: Git, GitHub

## Projects:

### ◆ PetPal – Pet Adoption & E-commerce Web Application

🌐 GitHub: <https://github.com/parishgadhiya/Petpal-Pet-Adopation-System>

**Description:**

A full-stack web application that allows users to adopt pets and purchase pet-related products. Includes separate Admin Panel and User Interface with real-time database integration.

**Key Features:**

- User Authentication using Firebase (Email/Password & Google Login)
- Pet Listing with detailed view and adoption request system
- Admin Dashboard to manage pets, products, and adoption requests
- Adoption workflow (Pending → Approved → Rejected → Scheduled)
- E-commerce functionality (Cart, Wishlist, Product Management)
- Image upload using Cloudinary
- Real-time data updates using Firestore (onSnapshot)

**Technologies Used:**

React.js, Firebase Authentication, Firestore, Cloudinary, Bootstrap, Vite

- **ShopSphere – E-Commerce Web Application**

Developed a responsive e-commerce web application using React.js and Firebase featuring product listing, cart management, wishlist functionality, product search/filter, and user authentication.

---

**Experience:**

Web Development Intern

Venom Technology, Anand – V.V. Nagar | 4 Months

- Developed frontend web applications using React.js.
- Worked on responsive UI design and reusable components.
- Assisted in Firebase integration and frontend functionality development.
- Collaborated on debugging, optimization, and deployment tasks.

**Declaration:**

I hereby declare that the above information is true to the best of my knowledge.
